Interactive Transcript - Enable basic transcript mode by pressing the escape key

You may navigate through the transcript using tab. To save a note for a section of text press ⌘ + S. To expand your selection you may use ⌘ + arrow key. You may contract your selection using shift + ⌘ + arrow key.

For screen readers that are incompatible with using arrow keys for shortcuts, you can replace them with the H J K L keys. Some screen readers may require using ⌘ in conjunction with the alt key

Play video starting at ::3 and follow transcript0:03

In this video we're gonna blend our salary data with our price parity data and

then compute a calculation that allows us to determine which states have the highest

salaries in different data-related jobs after those sal >
